DEFENSE MAPPING AGENCY AEROSPACE CENTER

Vol. XVII, No. 21

October 17, 1975

## DMAAC Exceeds CFC Goal Thermometer Still Climbing

The employees of the Aerospace Center took the Combined Federal Campaign (CFC) motto to heart and "Made Something Happen" as they have already exceeded their \$74,000 goal by more than \$2,000 with a week of the campaign yet to go.

"The people really responded. They got involved," said CFC Project Officer Jerry Becker as he talked of the warm hearts of the DMAAC workforce.

With totals complete at press time, which was slightly over the midway point of the campaign, the Center had an average contribution of \$28.13; an average payroll deduction contribution of \$41.55 and total of 2731 participants

in the campaign.

The campaign will wrap-up next week with final solicitation on the 21st and accounting final totals on the 24th.

"So far payroll deductions represent 51% of the contributions and represent 75% of the total dollar," reported Maj. Philip Wilder, assistant project officer.

The Combined Federal Campaign dollar is divided by percentage between three major organizations—the United Way 78%, National Health Agencies 19% and International Services Organizations 8%.

At DMAAC the largest single contribution has been \$2,600.

## Parking Space Realignment Completed

DMAAC personnel came to work this week to a new set of parking spaces as the realignment of parking became effective at the 2nd Street installation. The new space allocation was necessitated by the construction projects beginning on the installation, primarily the addition of two floors to the wing of Building 36. More than 290 spaces were lost to

to vacate "J" Lot at 2:30 p.m. Second shift will be allowed on the lot after 3:00 p.m. and third shift will be allowed to park in the area each morning until they leave the installation. First shift will be allowed to use "J" lot for open parking until 2:30 p.m. The parking spaces can be reduced or eliminated without notice depending on the needs of the

## FE Worker Draws Praise In Apprehension

Jesse Williams, an employee of the Facilities Engineering Directorate, drew praise recently in a letter from the Security Police. Williams was cited for his actions which led to the apprehension of three employees while breaking into the vending machines on the 5th Floor of Building 36.

Williams saw the individuals around the vending machines while conducting his regular custodial duties. He became suspicious of their actions and notified the Security Officers on duty.

The individuals were taken into custody and after further investigation were discharged from Government service.

## Old Newsboys Day Coming

Old Newsboy Day will be held as usual on the day before Thanksgiving, Wednesday, November 26th.

The annual drive is sponsored by the St. Louis Globe-Democrat who provide volunteers with buttons, aprons and the special Old

## Federal Women's Week Starts Monday

The observance of International Women's Year and Federal Women's Week (October 20-24) will be highlighted at the Aerospace Center with a special DMAAC IWY Day on the 24th.

The day's activities will include special mission and products briefings to be presented throughout the day by the Director, Deputy Director and Technical Director. Allocations for seating spaces in the 6th floor conference room have been provided to the Departments and Staff Agencies so that as many employees as possible might attend.

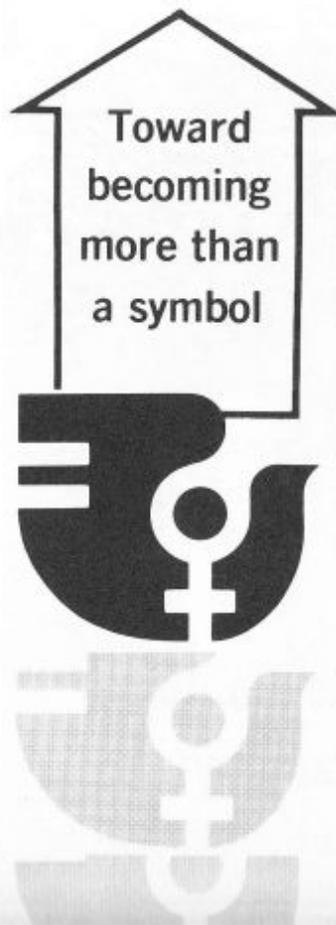

Additional activities on the 24th include an afternoon filled with movies, personnel information centers and Civil Service Commission representatives to talk with employees on the Federal Women's Program and the International Women's Year.

The Secretary of Defense recently endorsed three objectives for the Defense Department's observance of International Women's Year 1975. These objectives call for recognition of the accomplishments of military and civilian women and for aggressive initiatives to expand the active role of women in the Defense mission.

1. To continue striving to provide men and women alike an equal opportunity for patriotic service in the all-volunteer military forces of the United States, and in the civilian roles of the Department of Defense.

2. To encourage recognition of the concept that the common defense is a common and equal responsibility of all citizens, and through innovative and aggressive initiatives, encourage the active role of women in the mission of the Department of Defense.

3. To acknowledge and emphasize the sacrifices of women in

More than 290 spaces were lost to the construction areas.

New parking space numbers and maps showing the locations were provided to employees during the first week of the month.

Spaces 156 to 226 on K Lot are open spaces and can be used by employees who must occasionally ride alone.

The Security Office also has advised employees that special arrangements have been made with the contractor for the parking spaces in the western portion of "J" Lot to be reserved for those working second and third shifts. To do this, all cars will be required

depending on the needs of the contractor.

Persons who have not as yet completed a parking space card may still do so, however, spaces will be assigned as they become available. The Zip Code directory map is available in the hall entrance to the Vehicle Registration Office on the first floor of building 36. The directory map can assist those individuals desiring to form car pools.

The Security Police have extended their appreciation to all employees for the excellent cooperation in establishment of the new parking system on a short notice basis.

## Explorers First Nighter Termed Successful

Members of the DMAAC Explorer Post met September 23rd for their inaugural session at the South Annex auditorium. Following a welcome by Col. C.B. Goldacker, command representative, and a film on the mission of the Center, the youths divided into groups to view displays of past Post activities and to view and operate some of the stereo plotting equipment.

The Post will be involved in compilation, surveying, mosaic and photogrammetry activities during the year. "The year's program will be dictated by whatever area of charting and mapping the Post's members desire to explore," commented Robert Champlin, Explorer

advisor.

Assistant advisors include Ray Massie, Flora Unterreiner, Ray Walker and Pete Robison, all from MD.

Richard Bakersmith, DMAAC institutional representative, served as master of ceremonies for the first night and George Bilyeu from the St. Louis Area Council presented a talk on the Explorer program.

High school age students, both male and female, are invited to join the Post. Meetings will generally be held on Monday nights at the South Annex. Anyone desiring further information on the Explorer Post can contact Robert Champlin at ext. 4280 or 846-2872.

aprons and the special Old Newsboys edition of the Globe-Democrat. The volunteers sell the special edition for any size donation. Every cent collected is distributed to children's agencies throughout the metropolitan area through the Globe-Democrat Fund for Children, Inc.

This will be the 14th year that DMAAC employees have participated in this worthy cause. Anyone interested in volunteering to serve as a Newsboy (or girl) for an hour or so that morning can contact Marge Wisneski, PA, Ext. 4142 for more details.

phatize the sacrifices of women in building the American nation, and in particular, to recognize the accomplishments of women in the Department of Defense, both military and civilian.

## Medal 30 Years Late But Still Carries Meaning

Ken Helton, AD, recently received the China War Memorial Medal presented by the Republic of China for his actions in the China-Burma-India Theatre of

operation in World War II. Although 30 years late the medal still carried great meaning for the pilot who had flown the C-46 and C-47 aircraft over the "Hump" from May 1943 to November 1944.

The award was lost following the war and only recently brought to light by the Hump Pilots Association.

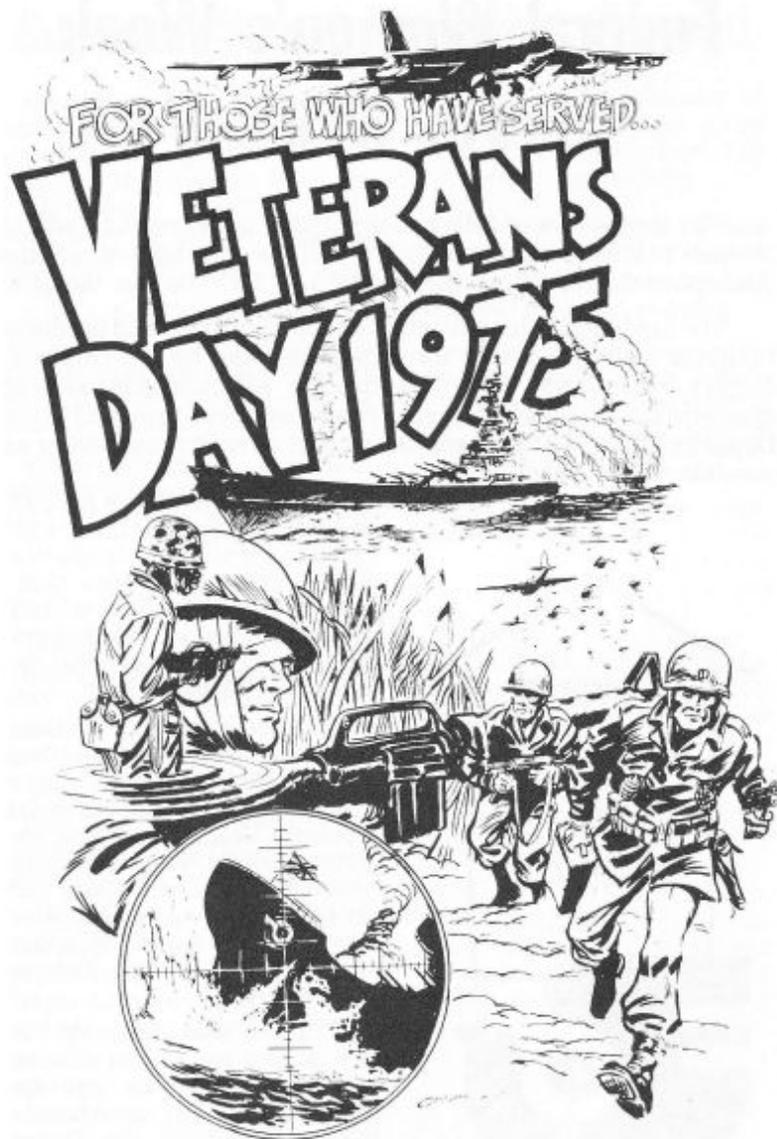

Helton was on active duty for 12 years acquiring over 7,000 flying hours. He came to the Aerospace Center in May 1961 and has been an Aeronautical Information Specialist for over 14 years.

Over 900 aircraft were lost making an aluminum trail across the "Hump" as the Himalaya Mountains were called. The terrible weather and rugged terrain posed as constant a danger as the Japanese fighters and bombers.

Flora Unterreiner, an assistant advisor for the DMAAC sponsored Explorer Post, explains the operation of a stereo plotter to two potential members from Oakville High School. The Post is designed to provide the youngsters with an opportunity to learn more about the procedures and skills involved in the map making process.

## Patrick Group Receives NASA Award

Seven members of Detachment 4, Geodetic Survey Squadron were presented certificates of appreciation for their part in the Apollo-Soyuz program following the launch of the Apollo space vehicle and the successful termination of the Apollo-Soyuz program. Those people directly connected with preparation of the Apollo space vehicle were presented with attractive certificates of appreciation signed by the American astronauts. Seven members of the Detachment, Wayne V. Miller, Niles E. Rubar, Arden E. Morgan, TSgt. James E. Baxley, TSgt. David R. Brooks, SSgt. Michael J. Szyhowski and Sgt. Luther Williams were recognized for their part in providing accurate alignment of the guidance system in the rocket vehicles.

At the same time, MSgt. James W. Edwards was re-enlisted in the U.S. Air Force and Sgt. Richard M Pool was presented the Joint Services Commendation Medal. Sgt. Pool, a recent arrival from Cheyenne, was recognized for his outstanding contributions to the Geodetic Survey Squadron as a surveyor assigned to the Gravity section there.

Lt. Colonel John W. Clark, Detachment 4 Commander made the presentations during ceremonies at Patrick Air Force Base.

The Arsenal Credit Union Annual Meeting will be held at the

## September Honor Roll

### 30 YEARS

Vernon B. Fetsch, Richard E. Glosemeyer, Harold L. Simpson, Belmont W. Glaser, William T. Liggett, Richard O. Foster and Thomas M. Little.

### 20 YEARS

William F. Volk, Robert L. Wolverton, Raymond A. Kimmel, Marlene C. Kunz, Martin K. Walsh, Homer T. Malone, Mary C. Hansen, Walter O. Carlin, Jr., Gerald V. Krauss, Ernest L. Wheeler and James B. Perry.

### 10 YEARS

Frederick W. Kelch, Susan J. Bailey, Robert J. Lacey, Walter Czarnecki, Roy M. Cook, Robert D. Hubbs, Millard M. Babich, John S. DeFato and Janet M. Fialka.

### Outstanding Performance Rating

Raymond Helmering, Mary Abernathy, William G. Hemple, Arthur J. Newton, Walter G. Bean, Betty Ann Sayler, George F. Jokerst, Leonard G. Seger, Francis M. Purcell, Jerry L. Becker, Louis A. Luchini, Sheldon L. Anderson, and Ruth A. Plafcan.

### Quality Salary Increase

Raymond Helmering, Mary Abernathy, William G. Hemple, Arthur J. Newton, Francis M. Purcell, Jerry L. Becker, Ruth A. Plafcan, Mary Ann Batisto, Laurance R. Sulze, Leroy M. Sewell, Dolores R. Lovelace, Thomas P. Bakersmith, Fred F.W. Brown, Norman A. Ohnemus and JoAnne Bugel.

### Sustained Superior Performance

Sheldon L. Anderson, Russell W. Cline, Richard H. Schumann, James R. Waters, Joan F. Hagedorn, Riley G. Yetter, Robert W. Willett, Roger S. Davis, August J. Ullo, Jerry Werner, Ray L. Hendrix, Lenford R. Penrod, Sam A. Poindexter, Ivan L. Coffey, Richard L. Trapp, Sam A. Donnell, Booker T. Baker, Christopher Neuman, Dexter J. Johnson, Joseph J. Schreiner, Delbert W. Wolf, Robert B. Dennett, Allen L. McFadden and Harold D. Nichols.

## Uniform Board Approves Six Uniform Changes

Eight uniform items and two changes to Air Force Regulations these coats when worn over blue service uniforms.

## Health Benefits Continue For Federal Employees

As a Federal employee enrolled in one of the plans available under the Federal Employees Health Benefits Program, you should be aware that your enrollment in a health benefits plan can continue with the same benefits without cost if the Secretary of Labor

Benefits Program, you should know that benefits of the plan can continue for you and/or your eligible family members after retirement, while on employees compensation or leave without pay, or in case of your death.

Continuation of protection against the cost of illness or accident is governed by certain conditions.

After retirement, your enrollment in a health benefits plan will continue with the same benefits and at the same cost as if you were still a Federal employee providing that:

—you retired under a retirement system (not social security) for civilian employees of the Government after 12 or more years of creditable service or under the disability provisions of the applicable retirement law and immediately started receiving retired pay; and

—you are enrolled in a health benefits plan (eligible family members must have been covered under your plan for continuation of benefits) during one of the following periods: (1) the five years immediately preceding your retirement; (2) all employment since your first opportunity to enroll; (3) all employment since your enrollment which must have become effective not later than Dec. 31, 1964.

While on employees' com-

cost if the Secretary of Labor determines that you are unable to return to work; and you receive compensation under the Federal Employees' Compensation law.

You must have been enrolled in a health benefits plan (eligible family members must have been covered under your plan) during one of the following periods: (1) for the five years of employment immediately preceding start of compensation; or periods (2) and (3) as listed under "after retirement" section above.

In case of your death while enrolled in a health benefits plan for self and family, your eligible survivor family members who have the right to receive an annuity will be able to continue the enrollment with the same benefits and at the same cost as for employees. Deductions will be made from annuity checks to cover their share of the cost of plan.

If there is only one survivor receiving annuity payments, and he is the only family member eligible for health benefits, his enrollment will be automatically changed from self and family to self only, with corresponding reduction in cost.

If you go on leave without pay your enrollment will continue without cost for up to 365 days, providing that you are in a nonpay status because of illness or other reason, except reduction-in-force furlough.

Annual Meeting will be held at the Rodeway Inn, Jefferson and Market on Friday, November 7, 1975.

The meeting is scheduled for 8:45 p.m. with cocktails and dinner preceding the meeting and dancing to Buddy Kay's Orchestra to follow.

The agenda includes a review of the annual report, declaration of dividend, approval of the proposed budget and election of officers.

This year three members will be elected to the Board of Directors, two, members to the Credit Committee and one to the Supervisory Committee.

More details will be provided with the quarterly statement.

## Hole In One

Frank Brokaw, ADDE-1, achieved the feat which is elusive for most golfers. Frank, using a "6" iron, lofted his shot off the 8th tee at the Tamarack Golf Club course. His drive was good, and the ball landed on the green, and rolled a few feet and dropped into the cup—a "hole-in-one!"

The "hole-in-one" came during a regular outing of the Charter Golf Association on October 2, 1975. In Frank's foursome and witnesses to the occasion, were Roy A. Beal (ADFC-2), Horace A. Jackson (ADDE-1), and James E. Peres (ADDP-5).

35-10 were recently acted upon by the Air Force Uniform Board.

The two changes to AFR 35-10 are that commands may prescribe the wear of organizational emblems on both pockets of the utility uniform shirt and that women may bear arms when performing color guard duty.

Two of the eight items considered by the board were not approved. A clear plastic rain-cover for optional use over men's service hats was disapproved due to cracking and splitting in cold weather and a tendency to fog because of moisture and wet weather. The use of umbrellas by men in uniform was disapproved because sufficient wet-weather wear is available for men.

Items approved are:

1. Women may wear the men's gray wool scarf with the parka or field jacket, or a comparable white wool scarf with the overcoat all-weather coat, and raincoat when worn over dress uniforms (black informal and mess dress). Either scarf may be worn with

2. The deletion of the white nylon scarf as an initial issue item for women and continuation as an item for optional wear. The item will be phased out of the Air Force supply system.

3. A utility uniform for women, consisting of slacks, shirt, and utility cap in the same fabric as the men's utility uniform, will replace the current field shirt and blue cotton/polyester wrap-around skirt and slacks. The blue items will be retained for optional wear and the flight uniform. Time-frame for introduction of the new items is approximately two years.

4. A functional badge for wear by security police personnel when criteria for award is met.

5. An optional blue flight suit and jacket for purchase and wear by general officer personnel when traveling as passengers on military aircraft.

6. A pantsuit with a short functional type jacket for duty wear by security police women.

## Airman Grad

Airman Matthew Aubuchon, son of Francis Aubuchon, PD, is a recent graduate of the Air Force missile guidance specialist course at Lowry, AFB, Colo.

The airman was trained to inspect and maintain the flight control system of air-to-air and air-to-ground missiles. He will now be assigned to George AFB, Calif.

His father, Francis, is an editor in the Plate Division of PD.

ORIENTOR is an official newspaper, published bi-weekly on Friday by and for the personnel of the Defense Mapping Agency Aerospace Center, at St. Louis, Missouri. Opinions expressed herein do not necessarily represent those of the DOD.

# Admiral Cramer Presents DMA Awards At Center

Vice Admiral Shannon D. Cramer, Jr., Director of the Defense Mapping Agency, presented four special DMA awards during his recent visit to the Center. The awards, part of the annual DMA Awards Day Program, were presented to Shirley Sostman, George Jokerst, Patricia Massot and Charles Hall. In addition, two awards were presented to DMAAC GSS personnel in special ceremonies in Cheyenne, Wyoming. Admiral Cramer placed personal calls to the GSS winners to offer his congratulations. GSS winners were Dale S. Zimmerman who received the DMA Meritorious Civilian Service Award and Capt. James A. Shearer, USAF, who was the DMAAC individual who's suggestion received the highest cash award. Awardees did not travel to the Headquarters in Washington, D.C., for the ceremonies, as had been done in

the past, because of the limited travel restrictions.

Shirley Sostman received the DMA Outstanding Career Woman of the Year Award for her outstanding significant accomplishments in mapping, charting and geodesy as a cartographer in the Techniques/Engineering Office, Missile Support Department.

George Jokerst was the recipient of the DMA Meritorious Civilian Service Award for his service as Chief of the Analytical Division Techniques Office of the Missile Support Department. He conceived and formulated the program for the planetary block adjustment concept which will have a major technical impact throughout DMA and the Department of Defense.

Patricia J. Massot was also named as a DMA Outstanding Career Woman of the Year for her

technical excellence and production accomplishments as Chief, Application Branch, Cartography Department.

Charles Hall was named to receive the Outstanding Personnel of the Year Award for his exemplary performance and masterful technical expertise as a cartographer in the digital data production program, Cartography Department.

Dale S. Zimmerman received the DMA Meritorious Civilian Service Award for his ability, diligence and devotion to duty which were instrumental factors in the resolution of many complex geodetic problems.

Capt. Shearer received his suggestion award for proposing a reduction in the frequency of azimuth observations of data bases from monthly to semi-annually. The suggestion resulted in first year savings of \$22,672.24.

## Ebel Chosen DAV Officer

Bernhard C. Ebel III, CDCN, has been named as the new Deputy Chief of Staff for the Department of Illinois Disabled American Veterans.

The appointment was made by James Hamilton, State Commander. Ebel will be required to represent the State Commander and the Department at various functions requiring official representation. He is also charged with the advancement of the interest of the Disabled American Veterans. There are some 14,000 DAV members in Illinois.

Ebel is currently a member of the DAV Chapter 24, Belleville. His present assignments include Judge Advocate, assistant state executive committeeman, and delegate to several councils, commissions and committees.

Ebel is also a member of VFW Post 1739, Belleville and serves as Jr. Vice Commander and Chairman of the House Committee. He has been a VFW member for 29 years and a DAV for 4 years.

## September Promotions

The following people have received promotions during the month of September: Barbara R. Albers, GS-3; Evelyn J. Braden, GS-4; Raymond E. Breckenkamp, GS-13; Donald V. Burgett, GS-9; Robert W. Caples, GS-9; Phyllis A. Copman, GS-3; Henry W. Crawford, GS-14; Steven E. Ditterline, GS-5; Dennis G. Dressler, WG-10; Arthur L. Dye, WS-12; Edward C. Eichholz, GS-9; Charles F. Gaedig, GS-9; Joseph Gerrity, GS-9; William C. Harris, GS-9; Joseph C. Horvath, Jr., GS-5; Barbara Jean Korn, WP-4; Priscilla R. Lane, GS-4; Paul O. McCoy, GS-9; Janet M. Nugent, GS-5; Ronald D. Olsen, GS-13; Sandra R. Penning, GS-4; Robert C. Quinn, WP-21; Brenda K. Rodenberg, GS-4; George Salava, GS-9; Chester O. Smith, Jr., GS-9; Irl W. Smith, GS-9; William A. Sypniewski, GS-9; Henry V. Taber, GS-9; Richard L. Trapp, WL-10; Joseph E. Tuthill, Jr., GS-9; Arthur J. Werlich, GS-9; Jimmie D. Westbrooks, WL-2.

## Jokerst - Meritorious Service Award

Hall - Outstanding Personnel Award

## Photo Lab Joint Dance

The Carto and Missile Departments photo labs have joined together this year to hold the First Annual Christmas Dance.

The date will be December 20, a Saturday night. The Family Reunion will furnish the music beginning at 6:30 p.m. The ticket

price of \$11.00 per person includes a buffet dinner, drinks all night, live music and attendance prizes.

The hall is limited to 300 persons, therefore, tickets are on a first come first dance basis. For more information call 4181.

## Summer Scout Activities Praised

Several members of the DMAAC work force were praised for their efforts in summer scout activities recently when Russell Hart, St. Louis Area Council Scout Executive, wrote the DMAAC Director.

Hart complimented the individuals for contributing part of their vacations this year to serve as a Camp Leader for a Scouting Unit.

Those involved included: Wallace Haviland who is scoutmaster for Troop 826. He checked into Camp Famous Eagle, at the S-F Scout Ranch with 24 boys. This is his fifth year in camp.

Donald White, scoutmaster for Troop 211, took 14 boys to Camp May at the Beaumont Scout Reservation. This is his fourteenth year in camping.

Joseph Racher, scoutmaster for Troop 288, attended Camp Famous Eagle with 14 boys. This is his tenth year in camp.

Charles Piller, an assistant scoutmaster for Troop 817, attended camp twice this summer. He attended Camp Famous Eagle and also Camp May.

Kenneth Parks, scoutmaster for Troop 755, checked into Camp Famous Eagle with five boys. This is his eighth year in camp.

William Leong is a Webelos leader for Pack 663. He checked into Camp May with six boys. This was his first year in camping.

Robert Haddad, scoutmaster for Troop 28, attended Camp Sakima at the S-F Scout Ranch with 28 boys. This is his fourth year at camp.

James Perry, assistant scoutmaster for Troop 723, attended Camp Gamble at the S-F Ranch with 11 boys. This was his first year.

Harlan Reese, scoutmaster for Troop 325, checked into Camp Famous Eagle with 33 boys. This was his fifth year in camping.

The Scout Executive also praised eight Center employees who participated in the Outreach Camp held during the summer. These included Ralph Price, Frank Finklang, Sam Kolnik, Lonzell Williams, Jr., Ferdinand Buffington, James Boyd, John Mallow and Captain Sammie Partridge.

## CTS Sports

The DMAAC Cartographic Technical Squadron of March AFB and rival Combat Support Group (CSG) teams finished the March AFB softball playoffs in the same positions in which they had completed the regular league season. CTS defeated CSG 13-3 in the championship slow pitch game to take 1st place, with CSG placing second.

The situation was reversed in the fast pitch playoffs when the mapmakers came up through the loser's bracket only to lose the championship game to CSG in a 10 to 8 squeaker.

Lt. Col. Kenneth Negus, CTS Commander, presented trophies to the winners after the playoff games.

In golf action the Cartographic Technical Squadron Team #1, after leading the Intramural Golf League this season, swept the March Air Force Base Championship and walked away with yet another title, with 171 points to 158-1/2 for runnerup 22nd CES. Members of the winning team were Billy Scarborough, Willie Svoboda, Gordy Goff, John Simpson, Jerry Cornwell, Fred Blackmer and Jack George.

The golf title gives CTS a commanding lead in the race for the Commander's Trophy.

## Break Up The Yankees

This summer around the Major League dugouts of the Warren AFB Youth Baseball League, the old familiar cry of "Break up the Yankees" was heard again. Like their big league name sake of old, the Yankees powered their way to their second consecutive league and playoff titles. Booming bats and clutch pitching were Yankee trade marks as they went undefeated in 15 games to wrap up the titles again this year and stretch their team winning streak to 23 games over the past two seasons.

The Yankees were led again this year by manager, Major Fritz Frieauf and coach, Sgt. Bob Jensen of the Geodetic Survey Squadron and coach, Glenn Charczuk of the 319th Strategic Missile Squadron.

Other Geodetic Survey Squadron members who contributed to the Warren AFB Youth Baseball program this year were chief umpire, MSgt. Bob Weaver and umpires, Major Tony Seizys and SSgt. Frank Grudzinski.

## New JA Advisors

## In Sympathy

CLIFFORD W. COX, ADDP, died on September 29, 1975. An Aero Information Specialist, he had been at DMAAC since

## Cooling-Off Period For Door-to-Door

Many of us have bought something we didn't need and really didn't want because a door-to-door salesperson was better at his or her job than we were at ours.

Door-to-door sales are a multimillion dollar business in the United States. So lucrative are they, in fact, that many com-

takes place outside the place of business of the seller, the consumer must be provided with a full and complete receipt of the sale at the time of its execution; it must be in the same language used in the oral sale, i.e., Spanish, etc.; it must show the date of the transaction, and must contain the

New advisors for the 1975 Junior Achievement year are: (left to right standing) Jim Boyd, J. Edward Jones, Warren Mathews, Al Gilbert, Gross T. Marcus, Col. Robert Burns, Center Deputy Director and Jean Morris, seated. Al Gilbert will serve as the coordinating advisor reporting to the deputy director. Advisors not available for the photograph were: Sgt. William Dixon, Frank Schie and Joseph Statum.

## Mixing Drugs Can Be Deadly

Bob woke up with the sniffles Friday morning, and killed himself and two other people Friday night. The only things that tied these two events together were a couple of cold tablets, a few cocktails at a party, and the drive home that came to an abrupt end.

Bob and the two strangers he collided with at a combined speed of 120 miles per hour were the victims of the "synergistic" effect of drugs combined with alcohol. This means the joint action of drugs which, when taken together, increase each others' potency.

It is what made a normally conscientious driver like Bob, who never drank to excess, exhibit all the behavioral characteristics of the town drunk, and kill with a lethal weapon—his car.

It can happen to anyone who takes frequent doses of so-called harmless drugs, usually for valid reasons and frequently under a doctor's care. A person taking several types of medication for different ailments is even more of a risk. Add only a small amount of alcohol and the results can be tragic.

at DMAAC since  
November 30, 1949.

Cox

Services were held on Wednesday, October 1 at 1:30 p.m. at Marks Mortuary, Wood River, Ill. with interment at Rose Lawn Gardens, Wood River.

He is survived by his wife Lorraine and two sons.

Staff Sergeant Cecil L. Turner, OC, died on September 21, 1975. Sgt. Turner was assigned to Det. 1, 1918 Communications Sq.

He is survived by his wife Ingrid. Interment was in Germany.

Turner

Such mind-affecting drugs as diet pills, tranquilizers, antihistamines, barbiturates, and bromides can impair a driver's ability to function properly on the highway. Add even a moderate amount of alcohol, and the driver's perception of time and space is altered and his driving equilibrium is thrown off. Reflexes are slowed, speech is slurred, vision is impaired, and walking is affected.

Most medication container labels now caution the driver of the dangers of operating a vehicle after taking the medication. So, heed the warnings and use some common sense. Mixing martinis, medicine, and motor vehicles is not only dumb—it can be the kind of fatal mistake that killed Bob.

they, in fact, that many companies have sent representatives overseas to sell to military families.

Items offered for sale include: pots and pans, encyclopedias, magazines, vacuum cleaners, etc. They can lead to a debt of several hundred dollars.

The use of gifts or samples to obtain the person-to-person contact between the salesperson and consumer is widespread. The schemes and devices used to "get the door open" are virtually limitless.

However, consumers are now afforded some protection by a relatively new law. The Federal Trade Commission (FTC) rule, effective June 7, 1974, pertains to a cooling-off period for door-to-door sales. Purpose of the FTC rule is to allow the consumer the right to cancel a transaction at any time prior to midnight of the third business day after the date of the transaction.

With any door-to-door sale that

saction, and must contain the name and address of the seller.

In an obvious space, there must be in 10-point boldface type a statement in substantially the following form: "YOU, THE BUYER, MAY CANCEL THIS TRANSACTION AT ANY TIME PRIOR TO MIDNIGHT OF THE THIRD BUSINESS DAY AFTER THE DATE OF THIS TRANSACTION. SEE THE ATTACHED NOTICE OF CANCELLATION FORM FOR AN EXPLANATION OF THIS RIGHT."

At the same time the consumer signs the door-to-door sales agreement, he or she must be given a completed form in duplicate, titled: "NOTICE OF CANCELLATION." In essence, this notice explains the consumer's right to cancel the contract.

If a consumer believes that the rule pertaining to a cooling-off period for door-to-door sales has been violated, he or she should contact the FTC.
