DEFENSE MAPPING AGENCY AEROSPACE CENTER

Vol. XXIII, No. 16

July 31, 1981

After the storm . . .

One of the casualties of the severe thunderstorms that came blasting through the St. Louis area on Jul. 20 was this crabapple tree that used to be located on the parade ground, near Bldg. 5. According to Pete Sanders of Roads and Grounds, the tree was planted around 1956 or '57, and will probably be replaced in the near future.

**New Director For
Defense Mapping School**

Slogan**

Volunteers Needed For St. Louis

When people think of the USO, the image might come to mind of war weary soldiers huddling around a makeshift stage listening to music and dreaming of home. Another image may be of a stateside USO Club where GIs far from home could go to dance, shoot pool or just see a friendly face.

Nearly forty years have passed since the USO first opened its doors and times have changed, but the spirit of service has stayed the same. In fact, that's the motto of the USO—"Service is our Middle Name". At 145 centers worldwide, the USO dispenses assistance and goodwill to all those who wear the uniform of our country.

One of the newest USO centers is being established at Lambert-St. Louis International Airport. Lambert has been designated as the centrally located enplaning point for all military personnel scheduled for rotation to and from stations in the Far East. The USO Center will provide comfort and assistance to these travelers and troops in transit from Fort Leonard Wood and Scott Air Force Base. Over 500,000 military personnel and their dependents are expected to pass through Lambert each year.

The St. Louis USO, slated to open in early August, is currently looking for volunteers to staff the Center. The hosts and hostesses should be over eighteen years of age and the only other

of operation will be 10:00 a.m. to midnight, 7 days a week. The length of a shift would be four hours or more. Volunteers would receive free parking courtesy of the airport.

Besides individual volunteers, the USO is looking for organizations and groups to volunteer to staff the Center a whole day, once a month.

The USO Center is located on the lower level of Lambert Airport, near West Concourse A, across from carousel #1 in the baggage claim area. Besides providing a waiting area and information, the Center will furnish a TV lounge, reading and writing materials, temporary luggage storage, practical assistance (aspirin, shaving gear, nursery items, etc.), playing cards, backgammon, checkers, etc., and free soft drinks and snacks. (Pepsi is providing free soft drinks and the USO is seeking donations of cakes and cookies.)

"We hope to help provide a few comforts for those who serve our country and their families traveling with them," said Jackie Mullins, executive director of the St. Louis USO. "For some it will be their last glimpse of home for awhile and we want to help smooth their journey."

If you would like to volunteer to be a host or hostess, or if you would like more information on the program, contact Jim Mohan in

U.S. Army Colonel William T. Stockhausen became director of the Defense Mapping School Jul. 10, succeeding Col. Hector Wood, who became the deputy director of the DMA Hydrographic/Topographic Center.

Col. Stockhausen is a native of Baltimore, Md. He graduated from John Hopkins University in 1954 with a degree in chemical engineering and received his commission through the ROTC.

In 1966, he received another bachelor's degree, this time in civil engineering, from the University of Missouri, and in 1972, received his Master's degree in geodetic science from Ohio State University.

Col. Stockhausen served staff duty in many areas of the United States including assignments as an engineer staff officer of the Polar Research and Development Center, and the U.S. Engineer District in Jacksonville, Fla.;

commander of the 29th Engineer Battalion stationed at Ford Island, Hawaii; and deputy commander and director of the Engineer Topographic Laboratories at Ft. Belvoir, Va.

In 1979, Col. Stockhausen joined HTC as chief of the Topographic Requirements division and, in 1980, was promoted to deputy director of Plans and Requirements.

Col. Stockhausen and his wife, Joanne, have four children.

Contest

If you could influence people to vote with just a few words, what would you say?

"It's time to enter the 1982 Voting Slogan Contest", say Federal Voting Assistance Program (FVAP) officials. The winning entry of the contest will become the key voting slogan to encourage more U.S. citizens to take part in their country's election process. The slogan will appear on voting information materials to be distributed throughout U.S. government and private industry worldwide.

Although the 1982 general election is more than a year and a half away, FVAP officials hope the slogan will help people start thinking now about voting.

Entries should be messages to inspire people to vote. The 1980 winning slogan was "You're a voter only if you vote...be a voter." Other slogans of past years include

Continued Pg. 3

"cheerful and helpful". The hours tension 4142.

Defense Hotline Established

In a memorandum to all Department of Defense personnel, the Secretary of Defense Caspar Weinberger has announced the establishment of a Hotline for reporting suspected cases of fraud and mismanagement in DoD.

"Our efforts to attack fraud, waste and inefficiency will require the cooperation and support of all DoD personnel," he said. "You are the key to the success of this effort, and success is essential if we are going to acquire the resources and carry out the programs required to strengthen and improve our military forces. Each of you should be alert to opportunities for improved economies and efficiencies to DoD operations. Recommendations for improved efficiency and economy of operations should be made through the appropriate management channel or as part of the Departmental suggestion award program. All instances of suspected fraudulent activities should be promptly reported to appropriate DoD criminal investigative organizations.

"To ensure that full and proper consideration is given to all suspected cases of fraud and mismanagement in DoD, I have established the Defense Hotline under the direction and control of the Assistant to the Secretary of Defense (Review and Oversight). The Defense Hotline is in Washington, D.C. and operates between 0800 and 1630 each workday. The Hotline numbers are: 800-424-9098 (toll free); 693-5080 (National Capital Region); and 223-5080 (Autovon). I have directed the Assistant to the Secretary of Defense (Review and Oversight) to ensure that all substantive calls are fully investigated, and that appropriate criminal and administrative remedies are pursued where warranted. Moreover, I have directed that the identity of any caller be fully protected."

Director's Retirement Party Planned For Aug. 28

Beef won't be the only thing roasting at the August 28th retirement party for Col. Robert Burns, Aerospace Center Director. According to word from the party planning committee, the Director himself will be on the fire as "specially selected" roasters recall experiences of his six-year tenure with the Center.

The retirement party will be held at the Strafford House (Interstate

44 across from the Chrysler Plant) on August 28th with cash bar beginning at 6:00 p.m. A buffet dinner will be served at 7:00 with program at 8:00 and dancing from 9:00 to 11:00.

Tickets are priced at \$11.50 and can be purchased from the Comptroller's Office. Complete table reserved seating will be accommodated for those desiring to make up a group. Information on

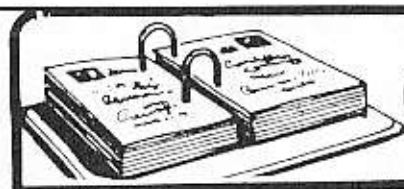

tickets and seating can be obtained from CM by calling 4355.

Dance music will be provided by the newly formed 11 piece DMAAC band. The buffet will include beef and turkey, au gratin potatoes, green beans, rolls and butter, coffee or tea, and house desserts.

Tickets are available on a first come basis and should be purchased by August 24th.

30-Year Mark Reached By Four

RICHARD D. WHEELER, CDKBE, celebrated his 30-year anniversary of federal service on Jun. 25.

Wheeler began his federal service with the Army Map Service located in Kansas City, Mo., working in the Triangulation Section operating stereoplani-graph and multiplex. Beginning in 1965, he started using electronic computers for triangulation ad-justment, and he worked as the project leader in this computer

Recent Retirements

JOSEPH F. WIEDEMEIER, CDADD, retired on Jul. 10 with 36 years, 4 months total federal service, with 33 years of that time spent at the Aerospace Center.

Wiedemeier entered the Army Air Corps during World War II. He was discharged in August 1946 and began work at the Army Record Center in November 1946.

He began work at the Aerospace Center in July of 1948, and was a negative engraver at the time of his retirement.

Wiedemeier's retirement plans include part-time work in electronics (TV, radio, etc.).

MYRON J. ECKERLE, GAPL, retired from federal service on Jul. 24. He had 36 years, 1 month service, with 29 years total at the Center, and was a photographer when he retired.

HARRY HARVEY, ADDEA, left the Center for retirement on Jul. 24. He had 38 years, 3 months total federal service, spending 9 of those years at the Center.

Harvey entered military service in November 1940 and was assigned to the 2nd U.S. Inf. Div., 15th Fld. Art. Btn. at Fort Sam Houston, Texas. He attended Aviation Cadet Training and graduated as a bombardier in October 1942. He was assigned to the ETO (322nd Bomb Group/B-26 Marauders) in April 1943, flying 53 combat missions prior to being shot down by the Germans and taken prisoner in May 1944. He spent time in three different POW camps until April 1945 when he was liberated by the U.S. 14th

Ins. Company from September 1961 until October 1963. He came to the Aerospace Center in November 1963, and was an aeronautical information specialist when he retired.

His retirement plans include rest, relaxation and some fishing.

ELWELL E. McCRAY, ADP, retired on Jul 24 with 35 years, 2 months federal service. Of that time, 26 years, 5 months were spent at the Aerospace Center.

McCray began his federal career as a forest ranger with the Whitman National Forest in north-eastern Oregon in July 1942. He enlisted in the Army Air Corps in 1943 and was commissioned through the Aviation Cadet Program in 1944. He piloted B-17s with the 15th Air Force in Italy during WWII. He was recalled to active duty in 1948 and piloted C-54s on 211 Berlin Airlift missions through July 1949. During the Korean conflict he was a B-29 Aircraft Commander with the 98th Bomb Wing at Yokota Air Base, Japan, in 1952-53. After being released from active military duty in late 1953 he joined the Air Force Reserves. He retired from the reserves as a Lt. Colonel in December 1974 with 31½ years service.

McCray joined the Aerospace Center in February 1955 and was assigned to the Aeronautical Information Division as an air navigation technician. He was an aeronautical information specialist at the time of his retirement.

"My retirement plans include

Center until 1972. He then entered the SAA area and since that time has worked in Quality Control. He is currently a supervisory cartographer.

ROBERT D. SMITH, SDDT, completed 30 years of federal service on Jul. 7.

Smith enlisted in the U.S. Army in September 1950. He had his basic training at Ft. Dix, N.J. and received a 2nd Lt. commission from the Infantry School at Ft. Benning, Ga. in September 1951.

New Military Arrival

Air Force Maj. James C. Jeske has reported for duty at the Aerospace Center as the new Director of Administration. Major Jeske replaces Lt. Col. Jerry Carlton, who retired from military service.

Major Jeske comes to the Center from the Xerox Corporation of Rochester, New York, where he was with the Air Force Institute of Technology as a student in the Education With Industry program. He holds a BS degree in aeronautical business administration from Parks College of St. Louis University, St. Louis, MO, and a MS degree in management

Survey, Special Maps Branch in Washington, D.C. Smith later worked in the Photogrammetric Division of the Atlantic Region, Arlington, Va. He transferred to St. Louis, at the Aeronautical Chart and Information Center in 1958. He has worked in the Geo Sciences Branch, Chart Research Division and Missile Support Department. He is currently chief of the Techniques Office of the Cartographic Data Base Division of the Scientific Data Department.

from Troy State University, Troy, Ala.

His career of 13½ years began in the Air Force Reserve Officer Training Corps in January 1968. He is a native of Johnstown, Penn., is married to the former Sari Rounds, and has two daughters.

EAO News

If stress is a problem for you, the Employee Assistance staff is planning a series of lunch-time programs to which you are invited. The first will be a slide show for family recreation on "The Missouri State Parks." This will be

shown on Monday, Aug. 3, at Second and Arsenal in the Sixth Floor Conference Room (sorry, no lunch) and on Tuesday, Aug. 4 in the Dining Hall at South Annex. There will be repeated showings at 11:00 and 11:30 a.m. and noon.

serving in the military during the Korean conflict. He came to work at the Aerospace Center in June 1955.

He is currently a data base manager and shift leader in the Geopositional Department involved in direct on line production efforts in support of various Center projects.

JAMES P. KOLODIE, CDPB, celebrated his 30-year anniversary of federal service on Jul. 21.

Kolodgie was inducted into the U.S. Army in June 1951, and attended Army General School at Fort Riley, Kan. for Intelligence and Photo Interpretation. He served for 15 months in Korea with the 1st Army Corp. Artillery Hq, as a photo interpreter.

Kolodgie came to the Aerospace Center in July 1953 after being discharged from service. From that time until April 1979 he was assigned to the Geopositional Department in various divisions as a cartographer (photogrammetry). He was then assigned to the Aerospace Cartography Department as a production program manager in the Department Production Office.

From there he went to the Air Force Training Command from 1945 until April 1950, when he was assigned to the Strategic Air Command at Walker AFB, N.M. He was then assigned to the Far East and flew 28 combat missions from Okinawa prior to returning to the U.S. in December 1951.

Harvey was assigned to the 68th Bomb Wing (B-29's) from January 1952 until August 1953. He retired from the Air Force in June 1961. He worked for the Metropolitan Life

In Case You Didn't Know

Crediting Plans

As of the 15th of July, it is no longer necessary for individuals to request crediting plans under the provisions of the Freedom of Information Act for position vacancy announcements.

A copy of the Merit Staffing Crediting Plan (AC Form 1405/POP-13/KSAP Definition Sheet) for a specific vacancy announcement can be obtained by personally visiting the Staffing Division of the Directorate of Civilian Personnel (POP) in Bldg. 37; by telephoning POP on extensions 4462/4463/4464/4465; or by submitting a written request directly to POP.

It will be the responsibility of each individual to obtain crediting plans in a timely manner. POP will not maintain any system of records concerning these requests, nor will POP accept responsibility for the failure of anyone to receive crediting plans before the closing date of the announcement.

Since copies will be readily

hiking the Pacific Crest Trail, climbing Mt. Whitney in Calif., floating the Colorado River on a raft, riding my motorcycle to Alaska, and taking a tramp steamer to New Zealand," said McCray.

MARGARET L. MORRIS, CDKAD, retired on Jul. 24 with 29 years federal service. She spent nine years at the Kansas City Office of the Aerospace Center, and was a cartographic technician at the time of her retirement.

available to employees and the public, crediting plans will no longer be maintained at the reception desk in Bldg. 27 for review. DMAACINST 1405.1, 15 March 1978, and handbooks, "A Supervisor's Guide to Merit Staffing" and "An Employee's Guide to the DMA AC Merit Staffing Plan", 1 May 1978, will be changed to reflect this new procedure.

*** Mailroom Move

The Administrative Communications Branch DASC, better known as "the mailroom", has moved to the First Floor of Bldg. 36, section A. It had previously been located in the basement of Bldg. 36. Also sharing quarters with the mailroom is the Administrative Systems and Communications Division/DAS, previously located on the Sixth Floor of Bldg. 36. The Passenger Travel Office/DAOT, has also moved from the Sixth to the First Floor of Bldg. 36, section B, in order to be more convenient for TDY travelers.

Strahan Local Photo Contest Winner

Pictured above is the photo that won Karen Strahan, SDDL, first place in the color category of the third week of The Globe-Democrat's 1981 summer snapshot contest. The photo is of a tiger in Big Cat Country at the St. Louis Forest Park Zoo. Strahan receive \$25 for winning first place, and at the end of the weekly

POSTAL STRIKE—WHAT IF?

The postal strike that threatened to be on July 20th was averted but what if it had come about? What would the effect be on the Aerospace Center's operations? What would have been the impact on the requirement to provide critical charting products to the nation's military aerospace forces? What would have been the impact on delivery of paychecks to the nearly 8000 employees of DMA paid from the Center's Finance Office?

The answer to all those questions is...severe! Obviously, this Center, like other government agencies and private industries, relies greatly on the mail as a channel for operational communication, product delivery and administrative process. Without

Peo New Governor

George E. Peo, GDCB, assumed the duties of Area 8 Governor, District 8 Toastmasters International. Peo is a member and past president of the Aerospace Center Toastmasters Club. He is following Hiram Lloyd, also a Center Toastmaster, in the office of Area 8 Governor.

Area 8 is currently comprised of 8 Toastmasters Clubs concentrated in the St. Louis business and industrial area. These clubs all meet during the lunch period and service over 200 members from throughout the Greater St. Louis Metropolitan

the daily mails other channels would have to be utilized and in some cases, channels would have to be created. Had the strike occurred, the Center was ready with contingency plans ranging from simple to sophisticated.

For the standard administrative correspondence, requests, confirmations, etc., the telephone, telegraph and electronic message centers would have to pick up the load.

Product delivery presented a greater problem for critical to flying safety products must reach the proper user around the world and without delay. To accomplish delivery, the Center would have to incorporate the use of contract civilian delivery firms; the use of Air Force military aircraft; and other types of government controlled transportation in certain geographical areas. Special notices to the aviation community would have to be released under the Notice to Airman system for urgently critical information. The plans were drawn and were ready to be set in motion should they be needed. Delivery would be made, perhaps with some difficulty, but the user requirements would have been met.

And what about the paychecks that would be needed by the majority of the 8000 DMA employees today? The Aerospace Center Finance Office issues all the checks and processes all the T&A cards for the agency...a task by itself that is tremendous. Coupled with a postal strike, the

task could be insurmountable. Insurmountable, however, is not a word in the Comptroller's Office dictionary so they were ready with a plan.

Had the strike occurred, T&A cards or information would have been processed by telephone, telegraphic or by commercial courier service into the Center Finance Office. Pay checks would have been delivered by commercial courier to the various components for internal personal delivery to the individual employee. Internal delivery would utilize the Center's internal administrative and timekeeper system. For components or remote locations where courier delivery was impractical, then a commercial telegraph money order would have been used.

Before we leave the subject, there is one other impact upon the Center that had to be considered and that is manpower. Had the National Guard been called to active duty, the Aerospace Center could have lost nearly 100 employees, almost 90 of which were supervisors.

Obviously, what we have described in the preceding paragraphs is a simplified and generalized version of the alternative plans and the degree of impact on the various operational areas. But it does represent some of the problem areas that could have occurred had the postal strike taken place and describe the readiness of the Center to cope with those problems.

national Newspaper Snapshot Awards (KINSA). Two black and white photographs and four from the color category of local winners will be selected and entered in the KINSA competition. Each of these finalists will receive an award of \$50 and will be eligible for the KINSA cash and travel prizes, of which the grand award is a 30-day around-the-world trip for two or \$10,000 cash.

TEMPEST Testing Done At Center

The Aerospace Center recently was host to four members of the 902nd Military Intelligence Group, Counter Intelligence/Signal Security Support Battalion from Ft. Sam Houston, Texas. The four, 2LT Nathaniel D. Gibbs, SFC William Hudkins, SSG Darrel Tillman and SGT Irwin Echard, Jr., were here for two weeks of TEMPEST inspections and testing.

TEMPEST inspections are noninstrumented examinations of facilities. These inspections are designed to identify potential

security hazards to which installation control measures should be applied and to examine the integrity of control measures which have been applied.

TEMPEST testing is an unclassified short name referring to the investigations and studies of compromising examinations. The mission of the TEMPEST test team is to determine through instrumented test, the TEMPEST posture of classified processing equipment. Recommendations for control measures are based on results of these tests.

Voting Slogan Contest

Continued From Pg. 1

"Your vote is your voice...say something," "Participate in America...vote," and "Take time for America...vote."

The contest winner will receive a certificate of recognition from the Department of Defense. Enter as many slogans as you wish. Artwork may be submitted with the entries but isn't necessary to win.

Servicemembers and their families as well as U.S. citizens

overseas are invited to take part in the contest.

Send contest entries to: The Federal Voting Assistance Program, Office of the Secretary of Defense, Room 1B-457, The Pentagon, Washington, D.C. 20301. Full name and complete mailing address must be included. For more information, call autovon 224-4928/4960 or commercial (202) 694-4928/4960.

The other seven clubs of Area 8 are: The Metropolitan Toastmasters Club, (open membership); Ralston Purina Toastmasters Club; Noon Toasters Toastmasters Club, Mallinkrodt, Inc.; Winged Word Toastmasters Club, U.S. Army AVSCOM; SLED Toastmasters Club, U.S. Army Corps of Engineers; Southwestern Bell Toastmasters Club; and Anheuser-Busch Toastmasters Club.

Patrolman of Month

Alonzo Brown has been selected as the Security Policeman for the month of June. According to security officials, "Brown's performance is especially noteworthy in that he is the first security policeman to receive this award after completing his first month of duty with the Center. Many employees have commented and inquired, as to the identity of this neat, knowledgeable and courteous individual."

Before coming to the Center, Brown served in the Marine Corps for two and one-half years. He is married and has one child.

KCO Softball Results

As the regular season drew to a close on July 16, it ended with a sweet victory for the "DMAAC Attack", as they romped over the AFEES, 10 to 9. The cheering crowd gave a thunderous ovation as Rick, "all in the wrists" Deaton slapped a line drive up the middle for a stand up single. Tim Hensley led the way for the Attack with two home runs and Steve Clemmer also hit one out into the cheap seats. Lyndon Sinele kept his sparkling streak alive by getting three hits last night along with three put-outs, and Bob Mace turned in another good pitching performance.

Larry Willis received the "Golden Glove Award" for his brilliant play at second base that netted him two errors and allowed

two runs to score. Deaton was heard saying, "That coach Willis sure plays good under pressure!"

The "All-Temperature-Cheer" award goes to our all star shortstop Steve Clemmer. One spectator said of Steve, "I'll bet that guy would charge Mt. St. Helens with a bucket of water!" Way to hustle Steve. Our MVP Awards go to Tim Hensley and Steve Clemmer for their hot bats and fearless base running.

Leading the cheers for the "Attack" were Martha Quint, Penny Love, Diane Jones, Louis Reed, Don Shepoka, Mary Willis, Cindy Quint, Rick McGreggor, Mrs. Bob Mace and Mrs. Jerry Blood. Thanks for the good turnout. See ya next year.

— Larry Willis, CDKAD

SDD Family Picnic

Sept. 12th

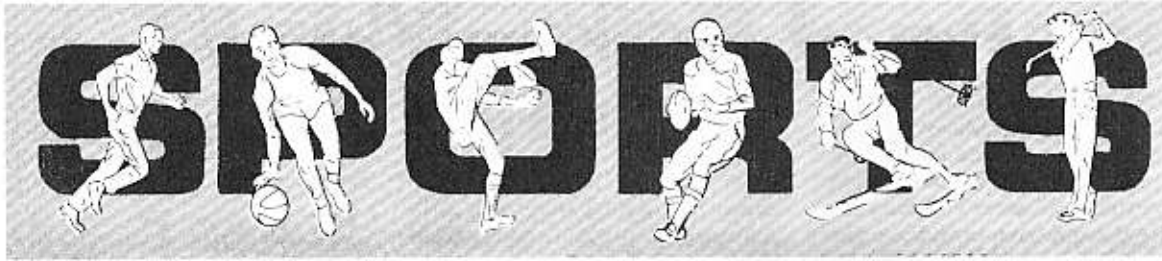

The Cartographic Data Base Division (SDD) will hold its annual Family Picnic at Willmore Park, Pavillion #3, from 11 a.m. to 8 p.m. on Sept. 12.

Snacks, popsicles, soda, beer, games, contests, and prizes will be available, with lunch from 11:30 a.m. until 1 p.m. and the picnic games from 1 to 3 p.m. This year picnic attendees have a special option of ordering sandwiches-italian sausage, 50¢; bratwurst,

50¢; or franks, 30¢. Orders must be placed by Sept. 9.

Former employees of SDD and retirees from the division are also welcome to attend.

Tickets are \$2.00 for adults and \$1.50 for children and retirees. To purchase your tickets, contact: Janis Schneider, 4402; Cheryle Zimmer, 4559; Laurie Tapella, 4618; Russ Kappesser, 4710; Jim Sieve, 4093; Dick Iverson, 4093; Gary Gregory, 4294; or Art Schmieding, 4721.

DMAAC Men's Softball

The rains have once again returned to the softball diamonds on Wednesdays; and on Mondays, Tuesdays and Thursdays. With all the rain-outs to be rescheduled, the season may end with a Halloween Tournament.

The Recaps remain on top of the DMAAC league with a 10 and 1 record, with a victory over the Guided Muscles, 6 to 1. Russ Kappesser is preparing his team for their second straight appearance in the St. Louis City tournament. The Panthers, also going for a city berth, continue to win the big games. They defeated a fine Mustang team 6 to 5 behind the power hitting of Charles Reece and then took one from the Jakes 16 to 10 with fine performances from Johnny Betts and Chester Lewis to improve their record to 10 and 2.

The Tavern suffered their second loss of the year to a strong Misfits team coached by Chuck Arns. The Misfits, led by Bill Covington, Ed Fank and pitcher Bob Hudzik, won the game 16 to 10 to improve to 4 and 9. The Mustangs continue winning with a victory over the

Misfits 20 to 9 with outstanding hitting by Mike Link, Jim Palmer, Phil Roberts and John Fletcher. After the tough loss to the Panthers, the Mustangs came back to demolish the Twins II, 12 to 1 with a good defense and timely hitting by Dennis Shannon.

The Thunderbirds defeated the Wonies 17 to 6 behind the hitting of Jeff Bowman (5 for 5), Ron Tomlinson and Bill "Homerun" Barles to raise their record to 8 wins against only 3 losses. The Jakes, now 9 and 3, defeated the always tough Deacon Blues 10 to 7. Sleeves, behind the pitching of Dan Ahern, slipped past the Cougars 12 to 3 and defeated the Jakes 10 to 6 despite the homerun of the Jake's John Liebsch and hitting of Brian Lewis.

The Rogues, with an excellent all-around team effort, according to John Lefman, got past the Hollywoods of Jim Harper 9 to 2 and the Guided Muscles 15 to 0. The Buffalo Chips thumped the Cougars 9 to 3 with good hitting by Steve Neville, Bob Brown and Larry Layton. Even Bob Sport got

a hit in that game. The Chips then squeaked past the Traitors 5 to 4 on a homerun by coach Gary Brown and a "smash" by Ernie South, on which Ernie made it all the way around the bases.

The Master Batters, fielding their first stringers, walloped the Bars and Stripes 14 to 3 behind the hitting of Steve Prokasky and Dan Taylor and the fielding of Jack Crawford. The Guided Muscles, coached by John Tomasovich, crunched the Hollywoods 15 to 4 on the hitting of John Quint (3 for 3) and Keith Brunnworth. The Wombats defeated the Feds to improve their record to 10 and 3 and stay in the thick of the city play-off picture.

The DMAAC consolation tournament is scheduled for the 18th and 19th of August for the 16 teams not going to the city play-offs. No dates have been established for the city tournament at this time. Thanks to Chuck Arns for umpiring many of the make up games on odd nights. Chuck will be keeping track of all rescheduled games while I'm on vacation.

—Jerry Johnston
Standings

Co-ed Team Tennis "Racqueteers on Rampage"

The Racqueteers, captained by Pete Robison, again extended their winning streak and pulled into a tie for first place with back-to-back wins over the faltering Broken Strings. One of the key factors in the July 9 Racqueteers win was the play of Bob Smith, who came back from losing the first set to win the second set and hold an advantage in the final set when time expired.

4:00 pm Match Results			
Racqueteers		Broken Strings	Scores
Joe Springli/ Pete Robison	vs	Frank Mosley/ Dennis Fiske	4-6, 6-2, 4-3
Kevin Webster	vs	Jim Butler	3-6, 3-0, (Butler forfeited)
Harold Light/ Charles Wilkins	vs	Bil Holtz/ Elio Barbis	2-6, 1-6
Max Billen	vs	John Goodwin	2-6, 3-6
Bob Smith		Bennie Martin	4-6, 6-1, 2-1

Racqueteers 3, Broken Strings 2.

In the following match, the Nets came on strong to end their losing ways by defeating a Grand Slam team that played as if suffering from heat-exhaustion. One bright spot for the hopeless Grand Slam team was that Rick Remmler, whose ability has in no way been reflected in the past by his match scores, has finally settled into his game and should be able to provide some much needed punch for the Slammers.

5:30 pm Match Results			
Nets		Grand Slam	Scores
Gary Liebsch/ Bob Spors	vs	Tony Mosello/ Tom Saddler	7-5, 6-3
Bob Jones	vs	Bill Bartels	6-2, 6-3
Dave Jones/ Larry Layton	vs	Kate Doyle/ Dick Miner	2-6, 1-6
Jack Cumbowl/ Felton Mitchell	vs	Randy Simpson/ Bill Leong	6-2, 4-6, 6-4
Charles Masback	vs	Rick Remmler	2-6, 2-6

Nets 3, Grand Slam 2.

Fall & Winter Schedule

The Aerospace Center Sports and Recreation Council has announced its fall and winter schedule of activities: co-ed volleyball, men's basketball, women's basketball and men's volleyball. All activities are offered to Aerospace Center employees and their dependents 18 years and older. Registration for all the activities will close on Tuesday, Aug. 25, 1981.

Co-ed volleyball will possibly be played on Monday and Tuesday nights at either the Carondelet YMCA or Souland Recreation Center. For further information or team and individual registration, contact Paulette Martin, 8309, or Carol Greco, 4339, and indicate preference for Monday or Tuesday nights.

Men's basketball will be offered at the Souland Recreation Center on Monday and Wednesday nights or the Granite City Depot League on Wednesday nights. For further

information or team and individual registration, contact Chuck Arns, 4901, or Noble Ladd, 4778 and indicate preference of the Souland League or Granite City Depot League.

A new activity this year will be a women's basketball league on Thursday nights at the Souland Recreation Center. For further information or team and individual registration, contact Chuck Arns, 4901, or Noble Ladd, 4778.

Another new activity this year will be a men's volleyball league on Friday nights at the Souland Recreation Center. For further information or team and individual registration, contact Paulette Martin, 8309, or Carol Greco, 4339.

Fees for all the activities will be collected from members of each team. Fees will run approximately the same as last year for the repetitive activities. Remember, registration closes Aug. 25, 1981.

Sharp Shooters

The St. Louis Metropolitan Rifle League recently held their awards banquet, with three Aerospace Center employees winning team and individual trophies. The league champion was Clyde Raglin, LOMC, who was also awarded a trophy for first expert. Joe Heidolph, GDGW, received a trophy for fourth expert, and Martha Norman received the First Lady Trophy and was also awarded third sharp shooter trophy.

Clyde Raglin is also assistant coach of the Columbia Illinois BB Gun Team. His team recently participated in the 16th International BB Gun Championships held Jul. 18 and 19 at Sioux Falls, S.D., for boys and girls ages 8 to 14.

Individual awards won by the Columbia team were a silver medal for aggregate score won by Lisa Law, and a bronze medal in the kneeling position and a plaque for a perfect test score won by Mike Schaffman.

DMAAC Superstars Tournament Aug. 3

July 29th was the final evening of softball for the Superstars for league play. The big tournament this year will take place the week immediately following the season. On Monday, Aug. 3, each team will play their first game in the double elimination tourney. They will be played at 3:30 and 4:35 p.m., right outside the main gate at both diamonds of Lyon Park.

Tuesday, Aug. 4, a total of six games will be played (3:30, 4:35 and 5:40 p.m.). This will eliminate four teams when the evening is over. There are no games scheduled for Wednesday, and then

Thursday will be the final night, and it is very possible a team in the loser bracket might have to play four games to capture the Champion Trophy.

The second year of the Superstars goes down in history. We added two more teams this year, saw some new faces and some new plays. I hope a good time was had by all. A special thanks to our faithful umpire, John Seybert, and all the other umpires who volunteered their time. Also, a big hand for our commissioner, Jerry "Bowie" Johnston. See ya all next year!

—Terri Kramer
