DEFENSE MAPPING AGENCY AEROSPACE CENTER

Vol. XXIV, No. 14

July 2, 1982

MG Wells Presents New Flag In Decennial Ceremonies Here

Presentation of the new Defense Mapping Agency flag by DMA Director MG Richard M. Wells, USA, was the highlight of ceremonies commemorating the first 10 years of the agency.

The light blue flag bearing the DMA seal won a big round of applause and drew comments from employees gathered on the parade ground to witness the June 22 ceremony. "Oh, that's a nice color!" exclaimed one of the spectators. "It's beautiful!" someone else remarked.

In addition to the ceremony on the parade ground of the old Arsenal, a separate ceremony was held in the auditorium at South Annex for employees there.

At the Second Street ceremony, Special Assistant to the Mayor Pearse Mullally in behalf of Mayor Vincent C. Schoemehl proclaimed "DMA Day" in the City of St. Louis.

"St. Louis is very proud to be the home of the Defense Mapping Agency Aerospace Center," the proclamation read, noting the Center's "vital support to military aerospace forces, as well as NASA manned space missions. The City

New AC Product Will Help Astronauts Aboard Columbia

The current mission of the Columbia has a new Aerospace Center product on board that will assist the astronauts in orienting themselves to the earth's surface while aboard the spacecraft.

The new product is called the World Image Map Overlay. Designed for the shuttle computer, it is expected to be useful to the astronauts in re-orienting themselves to the earth's surface after rest periods.

Other products produced by the Aerospace Center for the shuttle program include a World Map Book that can be used for out-of-window viewing; orbit maps, which show the shuttle's ground-track and other mission-related information; and star charts.

The value of Aerospace Center's product support was especially apparent during the touchdown of the last shuttle voyage March 30. Torrential downpours had turned the primary landing site in California into a sandy quagmire, forcing a decision to touchdown at the secondary site in New Mexico.

The late switch in plans proved to be no obstacle because the

Aerospace Center produces a Flight Format Book that contains landing sequence data not only for the primary landing site but also a secondary site and four contingency sites as well.

Shuttle astronauts must become familiar with the peculiarities of the shuttle landing—a deadstick (powerless) landing, touching down at approximately 200 miles per hour—at all possible landing sites.

'Columbia' Soars

The space shuttle "Columbia" is the biggest thing ever to be put into orbit around the earth. It is the first winged aircraft to fly 17,500 miles per hour. Not only its brawn, but also its "brains"—capable of conducting an almost totally automated flight—make it the most ambitious flying machine ever built.

Second Picnic Big Success

A cool breeze blew across the treetops, while the skies threatened rain, but the sometimes gloomy weather conditions didn't dampen the enthusiasm of those who gathered June 12 at 2nd & Arsenal to celebrate the second annual Aerospace Center picnic.

Approximately 1,200 Aerospace Center employees, their families

helped out in this year's event were FE and SDRG. "We wanted to thank FE for all their support. From set up to clean up, Major Bauman and his people were always there when we needed them," Paulette commented. "We would also like to thank the many talented individuals in SDRG who made the picnic a success."

contribution this agency makes to the St. Louis area."

A letter from Missouri Gov. Christopher "Kit" Bond was read by Aerospace Center Director Col. J. W. Small. "The charting progress made by the many men and women of the Center must be recognized as an important accomplishment in the national defense effort," Governor Bond commented.

The decennial observance also marked the premier performance of "Mission Aerospace" by the Aerospace Center Chorus. The song was created specially for the occasion by the director of the chorus, Gene Knight.

In his remarks, General Wells complimented Center employees for winning the DMA Effectiveness/Productivity Award for 1981. Since the award was established, the Aerospace Center has won it every year but one, he noted.

MG Richard M. Wells, USA, Director of the Defense Mapping Agency, presents the new DMA flag to Aerospace Center Director Col. J.W. Small, USAF.

The general also complimented the employees for their contributions to the community. In the 10 years since the formation of DMA, Center employees have given over \$1 million to the Combined Federal Campaign. In the last year, they contributed 2,076 pints of blood to the American Red Cross, making the Aerospace Center the St. Louis area's largest blood donor, exceeding even McDonnell-Douglas, with a work force several times larger.

Colonel Small noted that, despite changes in organization and technology, "people are still our

number one resource. It is my firm belief that we have the best group of people and the best organization in DMA, and that is why we have been able to meet the rapidly changing MC&G technological requirements throughout the past 10 years."

The Aerospace Center director introduced individuals from the Center who received DMA Awards at a ceremony in Washington June 17.

Posting of colors was performed by a color guard consisting of military personnel from the Office of Communications.

Correction

The last issue of the Orientor contained two major articles on the Center's efforts during the decade. One article covered the requirements view and the other the production view. The staffs of both the Requirements and Production organizations put in a great amount of time and effort in preparation of the information. Unfortunately, the production article indicated it was prepared by the PR staff and obviously that is in error. The Programs, Production and Operations Directorate staff (PP) were the ones who put together the information and deserve due credit.

—Editor.

and friends assembled at the parade ground to take part in the fun and festivities. Picnickers filled their day with sports, games, entertainment and plenty of food and beverages.

The Civilian Welfare Council (CWC), which co-sponsored the event with the Sports and Recreation Council, pulled out all the stops to make sure that those who attended had a good time. The CWC underwrote the cost of many items for the picnic including entertainment and medals and ribbons for the sporting events. According to CWC chairperson Paulette Martin, the picnic is for the benefit of all employees so the council doesn't plan on making a profit but actually budgets for a loss. "We do hope, however, that the other organizations that sponsored food and beverage booths made a nice profit," Paulette said.

High on the council's list of "Thank You's" for those who

Special thanks also went to the following, who helped make the 2nd Annual AC Picnic a success: the Sports and Recreation Council; Charlene Clow, wife of Fred Clow/ADDPC, who drew free caricatures during the day; the NCO Association; the Directorate of Administration; Major Gray, for organizing the Auto Show; Supply/Services Division; AC Toastmasters; the Aeronautical Information Department and the Directorate of Logistics Social Affairs Committee; Federally Employed Women; the AC Women's Club; Linda Carter and Kay Kersting for organizing the Arts 'N Craft Booth; Institute of Navigation; GADB; Decennial Committee at AC; Arsenal Credit Union; Voiture Locale 38 of the 40 & 8 (American Legion Honor Society) for the Locomotive "Spirit of St. Louis"; Crusoe's for the Fire

ACS Luncheon

The Association of Aerospace Charting Seniors (ACS) invites all retirees and their spouses to their bi-monthly luncheon Wednesday, July 14, at Grant's Cabin on Watson Road. There will be a cash bar at 11:30 a.m. followed by lunch at 12:30 p.m.

Luncheon entrees are roast beef and baked chicken. Price is \$5.50 per person. Checks should be sent by July 10 to Aerospace Charting Seniors, P.O. Box 8823, St. Louis, Mo. 63102. Specify choice of entree with check. For additional information contact Gloria Powers at 351-8788.

The time-honored potato sack race gets a fresh workout from youngsters at the Aerospace Center picnic. Announcing the start of the race is Carol Greco of the Sports and Recreation Council. More pictures on page 4.

Military Arrivals & Departures

CAPT Bird Departs

CAPT Charles F. Bird, USN, deputy director of Plans and Requirements, left the Aerospace Center July 1 on a reassignment to the National Oceanographic and Atmospheric Administration in Rockville, Md. His departure ends a five-year assignment at the Aerospace Center. Captain Bird will be accompanied by his wife Rose, who recently resigned from her position in the Scientific Data Department.

A successor to Captain Bird has not yet been appointed. Colonel Byron S. Fitzgerald, USAF, is serving as acting deputy director.

Lt. Col. Hotter Retires

The project coordinator for cruise missile programs, Lt. Col. Frank D. Hotter, USAF, retired from military service June 30.

Colonel Hotter came to the Aerospace Center in 1974 upon completion of studies at Ohio State University, where he earned his Ph.D. in geodesy. He was chief of the Advanced Systems Branch (PRRS) in the Directorate of Plans and Requirements for several years. He was also in charge of the Vertical Obstruction studies in the Directorate of Systems and Techniques (ST).

Before joining the Air Force in 1960, Colonel Hotter completed the

five-year engineering program at the Colorado School of Mines.

Succeeding Colonel Hotter as cruise missile project coordinator is Lt. Col. Jack C. Dills, USAF. Colonel Dills was honored at a DMA Awards Day ceremony in Washington June 17 as one of 23 Outstanding Personnel of the Year. He came to the Aerospace Center in 1977 as a cartographic staff officer in the Advanced Systems Branch.

MAJ WOODS E. GRAY, USA, chief of the Special Security Office, is scheduled to depart from the Aerospace Center July 6. He has received a one-year assignment to the Command and General Staff College at Ft. Leavenworth, Kan.

Replacing MAJ Gray as acting chief is Max C. Billen, the present deputy chief, who is expected to hold the position for several months.

Capt. CATHY A. CORLEY, USAF, arrived June 14 from an assignment with the Strategic Air Command at Offutt, Neb. She has been assigned to the Program, Production and Quality Assurance Office (PPQ) as a quality assurance officer.

Captain Corley is beginning her second assignment with the Defense Mapping Agency. She was a cartographic/geodetic officer with the Geodetic Survey Sq., F.E. Warren AFB, Wyo. from August 1977 to February 1980. Records indicate that she is the first woman officer assigned to the Aerospace Center in St. Louis, since its organization as a component of

Kelley's Girls Still 1st in Women's Softball

Despite a 6-5 loss to the third-place Chips, Kelley's Girls continued to lead the Women's Softball League with a 6-1 record. Kelley's Girls won three games with wins over Fool's Gold, 12-0, Plum Crazy, 14-2, and Babes Ruthless, 7-1. Against Fool's Gold, GERALYN KOCH had three hits and CAROL GRECO and JEANNE PROVAZNIK

collected two hits. Martha Lyon led Kelley's Girls in the Plum Crazy game with three hits while Martha Hovis paced Kelley's Girls against Babes Ruthless with three hits.

The Rednecks continued their hot streak with four wins over Spanky's Gang, 9-4, Basye's Babes, 12-3 Babes Ruthless, 16-8, and Chips, 7-3. The Rednecks'

Diana Handte paced the offense against Spanky's Gang with three hits, while teammate Bette Friel had two hits. Bette Friel and Paulette Martin collected four and three hits respectively as the Rednecks defeated Basye's Babes. Nancy Anderson had three hits for Basye's Babes. In the game against Babes Ruthless, Debbie Vickery had three hits in the win. In the battle for second place against the Chips, Diana Handte collected four hits and Pat Hudson had three hits as the Rednecks took over second place.

In other action, Plum Crazy defeated Basye's Babes, 11-1 behind the pitching and hitting of Anne Konecnik and home-run hitting of Kathy Hagedorn.

MAY PROMOTIONS

The following people received promotions during the month of May: William J. Adams, GS-9; Robert J. Ahrens, WP-10; George K. Ahring, GS-11; Marion D. Alford, GS-11; Michael C. Allen, GS-9; Stephen C. Amsden, WP-21; William E. Ault, III, GS-11; Roy E. Barnette, GM-14; Virginia R. Beleck, GS-9; David R. Blanchard, GS-12; Victoria M. Bohrer, GS-7; Nicholas C. Boyer, GS-12; Jimmy

John A. Gillihan, Sr., GS-11; Joe Goines, Jr., GM-13; Gerald A. Gruner, GS-11; Robert P. Haddad, GM-14; David M. Hainstock, GS-11; Charlotte J. Hanna, GS-5; Terry W. Harmon, GS-11; Ruby L. Harris, GS-9; Lawrence G. Hasty, GS-11; John F. Havecker, GS-11; Ray L. Hendrix, GM-14; Gina Frances Hensley, GS-9; Randall M. Hines, GS-11; Gale A. Hoff, GS-6; Jeffrey A. Holmes, GS-7; Sharon

Pelicans Stretch Their Lead

With the midpoint of the tennis season drawing nigh the Pelicans continue to dominate the field. A rain-out on June 15 gave teams an extra week of practice, and on June 22 Match Point had a chance to move ahead of the Pelicans. The Pelicans were without their two top-rated players, but good team play gave them wins from doubles teams Pat Lynch/Joe Klein and Todd Smith/Laura Gruber. Final score was Pelicans 3, Match Point 1.

The Tie Breakers remained the giant-killers this week by punching holes in the racquets of the other first place team, the Broken Strings. The Tie Breakers' 3-1 win resulted from the team of Bob Jones/Col. Small edging their opponents and a relatively easy victory for Greg Barker and Joe Moeller.

Kate's Kritters added to Pete's

In Sympathy

Robert B. Bateman, supervisory

in the Geopositional Department, died at his home June 18.

He had been employed at the Aerospace Center since May 1952. Mr. Bateman leaves his wife and children Mark and Gail Bateman. He also leaves a brother, John, who is an Aerospace employee. Interment was in Resurrection Cemetery.

Walter V. Kowalski Jr., supervisory cartographer in the Scientific Data Department, died at his home June 14.

He came to the Aerospace Center in 1956 after service in the U.S. Air Force. He leaves his mother, Mary, of Bonne Terre, Mo. Interment was in Illinois.

Word has been received of the death June 21 of Charles (Chuck) Moebus, employee in the former Directorate of Operations—Requirements Division from 1954 to 1962.

An aeronautical information specialist, Mr. Moebus also served as a liaison official in the former Washington detachment of the Aeronautical Chart and Information Center from 1962 to 1972.

Mr. Moebus leaves his wife Jean and three adult children. A memorial service was held in Arlington, Texas, where Mr. Moebus had retired.

The daughter of a retired senior master sergeant, Captain Corley was born in Madrid, Spain and graduated from high school in Tokyo. She holds a B.S. in geology from Lamar University, Beaumont, Texas.

Staff Sgt. VICKI L. McCLAIN, USAF, arrived June 14 from Scott AFB, Ill., for duty as NCO in charge of the Receiving Section in the Materiel Storage and Distribution Branch, Directorate of Logistics. An Air Force member since 1977, SSgt. McClain is a graduate of Central High School in Rapid City, S.D. Records indicate that she is the first enlisted woman assigned to the Aerospace Center in St. Louis since it became a component of DMA.

Credit Union to Expand Facilities, Services

The 10,000 members of Arsenal Credit Union can look forward to new and better services as the result of a major expansion program announced recently. The plan calls for the opening of a new full service office at 8651 Watson Road, major improvements at the DMAAC offices on Second Street and 8900 S. Broadway, and a variety of new services requested by members.

The DMAAC offices will remain full-service facilities and major improvements are scheduled to relieve overcrowding and the long waiting lines which have occurred because of the rapid growth of the credit union. Plans call for adding more teller stations and

rearranging the office at Second Street to provide more space and privacy for members as well as new services.

Some of the new services are already on the drawing boards, the result of a recent survey of credit union members. Al Poertner, executive manager of Arsenal, termed member response to the survey "outstanding."

"In the two weeks since the survey was mailed, we have received more than 1200 replies and more are coming in each day." The credit union sent the survey to the 8500 members who live in the Bi-State Metropolitan Area, seeking their ideas on what new services they would like the credit union to provide.

Topping the list of new services was a Visa or Master Card program. More than 90 percent of

the members responding indicated they were interested in the credit union offering Visa or Master Card credit cards. There was also significant interest in safe deposit boxes and drive-up windows. "This information is extremely valuable in planning to meet the needs of our members," Poertner said, while urging members who have not returned the survey to do so as soon as possible or to contact the credit union with their ideas.

Arsenal Credit Union has grown to be the 10th largest credit union in the Metropolitan Bi-State Area with \$19 million assets. "Our rapid growth is a tribute to the confidence our members have placed in their credit union," said Philip Rahall, president of the credit union. "We want to reward their confidence by providing them with new and better services."

DMA Day

Special Assistant to the Mayor Pearse Mullally [right] presents proclamation in behalf of Mayor Vincent C. Schoemehl to DMA Director MG Richard M. Wells, while Aerospace Center Director Col. J.W. Small looks on. The major proclaimed June 22 "DMA Day" in the City of St. Louis.

SUGGESTION AWARD

David W. Herman, \$240.00; Meyer Cohen, \$50.00; Lloyd R. Smith, Jr.

EMPLOYEE RETIREMENTS

JOSEPH A. AROMANDO (CDIBB), a photogrammetric cartographer, retired May 28 with 27 years and three months of federal service, all at the Aerospace Center.

WILLIAM J. ENK (SDRCA), a map and chart photographer foreman, retired June 26 with nearly 34 years of federal service, including 32 years and seven months at the Aerospace Center.

MORRIS W. GRATTECK (CDADE), a cartographic engraver, retired June 11 with 35 years of federal service, including 33 years and five months at the Aerospace Center.

ERNEST L. SCOTT JR. (ADP), Aerospace Center technical representative with a civilian contractor in Quincy, Ill., retired

June 11 with more than 41 years of Federal service.

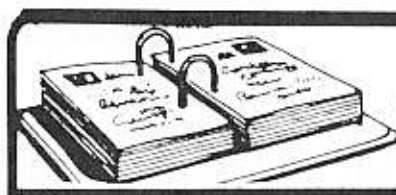

Scott enlisted in the Army Air Corps in August 1940. He was a master navigator with the rank of captain at the time of his retirement from active duty in December 1960. He spent seven months with the Federal Aviation Administration before coming to the Aerospace Center, where he has held a variety of positions in the Aeronautical Information Department.

AGU Elects Officers

The Metropolitan St. Louis Branch of the American Geophysical Union has announced that the following persons have been elected to the office for the 1982-84 biennium: Thomas O. Seppelin, president-elect; Jeffrey A. Grosvenor, secretary; and Donald P. Vail, treasurer. All are Aerospace Center employees.

Dr. Charles R. Chubb, president-elect for the 1980-82 period, has assumed the duties of president for the 1982-84 biennium. Dr. Chubb is employed by the McDonnell Douglas Corp.

The new officers officially assumed their duties on July 1.

Register by July 9

Registration for the Men and Women's Fall Softball Leagues and Senior Men's Fall Softball League will close on Friday, July 9. All leagues will be played on Mondays and Tuesdays at Lyon Park. All leagues will begin on Aug. 30 and will end around Oct. 19. For further information on team or individual registration, contact Chuck Arns - 4901, Mike Coulson - 4425 or Larry White - 4781.

Interconference Play Cuts Unbeaten Teams

The number of undefeated teams in the men's softball league was reduced to four as the Traitors defeated the Panthers, 10-8 to start four weeks of interconference play. The Traitors' Rich Edwards hit a two-run homer in the top of the seventh inning for the winning margin.

In the National Conference, the Recaps took over sole position of first place with wins over the Wonies, 13-1 and Master Batters, 9-4. Greg Kaszuba paced the Recaps against the Wonies with a home run and two singles and James Amling pitched a five-hitter. The other National Conference game produced a 9-7 Buffalo Chips' victory over the Cougars.

The American Conference holds three of the four undefeated teams with the Tavern leading the way with a 7-0 record. The Tavern scored two victories with wins over the Bombers, 12-9 and the Cougars, 27-2. Tavern's Mike Coulson paced the offense against the Bombers with a home run and single. Bill Judge led the Tavern against the Cougars with four hits.

In interconference action, the

Mustangs defeated the Good Ol' Boys, 7-2 behind Dennis Shannon's three hits and Gene Sylvester's excellent pitching. Gary Etter, Steve Ade and Chuck Squires led the Bombers' assault on the Twins with three hits each in a 14-4 win. In a close game, the Thunderbirds defeated the Wombats, 12-10 behind the hitting of Keith Huelsebusch (three hits) and George Kroenung (two hits). The Guided Muscles evened their record at 3-3 with a 15-4 win over the Good Ol' Boys.

The Twins won their first game of the season with 12-4 win over the Assassins. The Jackalopes continued their winning streak with an 11-5 win over the Mustangs. The Bars and Stripes defeated the Wonies, 16-6.

After many close game defeats, the Feds finally got their revenge with a 10-7 win over the Hollywoods. John Lefman and Eddie Grider's three hits each helped the Feds celebrate win number one. In a close game to the end, the Bombers squeaked out a 10-9 win over the Buffalo Chips.
